Serial No. 4

Reference. Copy of letter no. C. S. O. 29 & 29-8-23 from the Private Secretary to H. H. the Maharaja of Mysore to the D— to Mysore.

Requests that early and suitable action may be taken on the following points:-

1) Systematic repairs and restoration of the temples at Belur and Halebid, under the advice of the Archaeological Deptt.

2) Increased emoluments to the temple establishment, and

3) The grant of some wet lands for the benefit of the temple.

The Dewan having forwarded the letter to the 2nd Member of Council for perusal & necessary action, the Member called for a full note on the points referred to in the letter of the P. S. to H. H.

2. The three points referred to in the letter have been noted above in the red ink abstract.

1st point. It is stated that H. H. is strongly that a serious and systematic attempt should be made to repair and restore,

as far as may be co [illegible]
buildings and that [illegible]
That an annual grant [illegible]
this purpose would [illegible]
begin with, & that [illegible]
to know how far it is possible to give
effect to his wishes in the matter.

3 With regard to this it may be noted that
the question of repairs to the Belur temple
has long been under the consideration of
Govt and it has been the subject of fre
quent discussion at the Representative
Assembly Sittings. Two important records
collections Muz 134-09 (1 12) and Muz 201-20 (1 10)
are put up for reference.

4. In G O no. 2035-7/Muz 134-09-6 & 12-2 1910
estimates aggregating Rs 12,213 for the
execution of certain works to the Belur
temple were sanctd and the cost was directed
to be debited to the then annual Muzrai grant
of Rs 15000, the expenditure being distributed
over 2 years. In G O no. 2655-57/Muz 134 09-1
& 5 5 1910, the claim of the P W D for Establ
Tools and Plant charges in the case of
removal of the Belur temple was al-

directed to be waived. It was reported by the Compt. that a sum of Rs 6000 was placed at the disposal of the Mug: State grant for 1909-10, but it would not be possible to place the balance of the same and of the grant for the year 1910 as it had been reduced from Rs 15000 to Rs 6000.

The Ch: Engr. ~~brought~~ with reported that the amount of Rs 6000 placed at the disposal of the P.W.D would be spent during the year 1910-11, and requested for the balance of the sanctd amount, he was requested to include the cost of repairs of the temple in the P.W. budget.

5. In reply to the inquiry made as to the progress made in the work, the Ch: Engr. (Mr. M. Visvesvaraya) reported that the Belur temple building was a very delicate structure built of woodwork and masonry, that any attempt to repair it on modern principles might endanger it as a whole and that to construct a new Gopuram

Final Note by the Second Member of Council.

Subject:—

Renovation of the temples at Belur and Halebid, and increase of emoluments to temple establishment at Belur and the grant of some wet lands for the benefit of the temple.

With reference to demi-official letter No.C.29 dated the 25th August 1923 addressed to the Dewan by the Private Secretary to His Highness communicating the wishes of His Highness in the matter of the renovation of the temples at Belur and Halebid as also about the increase of emoluments to temple establishment at Belur and the grant of some wet lands for the benefit of the temple, I beg to submit that the views expressed in the demi-official letter have been communicated to the Muzrai Commissioner who has been requested to take prompt and suitable action in respect of each of the points noted therein and to submit a very early report for the orders of Government.

2. As it was ascertained that two estimates for Rs.12,213/- and Rs.5,869/- respectively had been sanctioned some time back for the repairs of the Belur temple, the Muzrai Commissioner has been requested to report the extent and nature of work already carried out in accordance with these estimates and also to have fresh estimates prepared and submitted in consultation with the Archaeological Department for the renovation of the temples at Belur as well as Halebid.

3. Monthly progress reports in respect of each of the points referred to in the Private Secretary's letter will be obtained from the Muzrai Commissioner and the subjects will be kept in view and pursued steadily and expeditiously till they are finally disposed of according to the wishes of His Highness.

8th October 1923.

OFFG: SECOND MEMBER OF COUNCIL.

Submitted to His Highness.

I submit herewith a Final Note by the Second Member of Council on the subject of the renovation of the temples at Belur and Halebid, increasing the emoluments of the temple establishment and the grant of some wet lands for the benefit of the temple at Belur, for His Highness' gracious perusal. I am in the meantime giving full effect to the [illegible] of the Income fund investments [illegible] the income thereof is declared.

8 From the Muz: Comr, letter no. [illegible]

Forwards copies of letters H.C nos 193-21 & 13th & 16th Octr 23 from the D C Hassan, submitting a detailed report in regard to increase of emoluments to the temple establishment and the grant of some wet lands for the benefit of the institution (Belur temple).

36. Sls 6 & 7 abstracted in the previous case refer to the formation of a Renovation Committee with regard to the Belur and certain other temples. These letters are in reply to letter no. 483 & 29 9-23 (Sl 5) addressed to the Muz Comr and copy of it sent to the Chf. Engr for Roads and Buildings.

37. It was stated in that letter that one of the three matters which required attention was "Systematic repairs and restoration of the temples at Belur & Halebid under the advice of the Archaeological Deptt".

38 For this purpose the formation of a Committee consisting of Engineers, the Director of Archaeological Researches & his Architectural Asstt, the Vice Chancellor of the University has been proposed by the Chf Engr & D

NOTE—Contn sheet

WD 0561—GPB—3750—1 8 22

Serial No.

the Muz Comr. recommending the above proposal to Govt. suggests the addition of the underlined statement in the manner and states that if the constitution of the Committee is approved by Govt he will submit the personnel of the Committee in consultation with the Exe. Engr.

39. The other letter from the Muz. Comr. is about the increase of emoluments to the temple establt and the grant of waste lands to the temple, inviting the two other matters mentioned in the Govt's letter (Sl 5) as requiring attention

40. Regarding the increase of emoluments, he states that the taxdik grants available from institutions which have fallen into decay & disuse are very few and so the amount available from that source is inappreciable - He, therefore suggests that an addl grant should be made from State Funds -

41 In the matter of grant of lands, he states that as none are available

NOTE—Contn. sheet

State funds.

3) Grant of 50 acres of land in the Krishnarajasagara ... mi.

Submit for orders.

89
30/10/23

I. Repairs to temples.

45. In paras 2 & 3 of the letter No 483 dated 29.9.23 from the Muzrai Commissioner was asked (1) to intimate the extent to which Estimates already sanctioned had been worked out. (2) to request the Chief Engr. to get Estimate prepared for the work to be done & (3) to furnish his opinion whether a Subordinate may be placed in charge of the Belur and Halebid Temples to attend to annual repairs

46 While the Chief Engr and the Muzrai Comr has replied to points (1) and (3). The Muzrai Comr will, if approved be requested to furnish the reply early. As regards point (2) the Chief Engineer & Muzrai Comr both recommend the formation of a Committee ~~to decide~~ consisting of

NOTE—Contn. sheet

WD 0561-GPB—9750—1 S 22

Serial No.

of officers of the P.W.D and the Archaeological Department to decide as to the lines on which the work is to be carried out, so that Estimates may be prepared in accordance with the recommendations made by the Committee. The reasons for such a recommendation are given in detail in the Chief Engineer's letter to Muzrai Court. The taking of the work being of such ~~a nature~~ that the P.W.D & the Dept have to work in cooperation, the Suggestion made seems to be a desirable one. If the appointment of the Committee is approved the personnel may be considered later on To prevent delay, a period may be fixed, say 2 months after the meeting, for the Committee to hold joint inspection of the temples and their premises and to submit their views to Govt.

47 II. Increase of Emoluments to Archaka Temple Servants.

The revised Scale of Expenditure now proposed deals with (1) Establishment and (2) Nityakatlu (3) Utsavakatlu, regarding

Serial No.

in a net increase of Rs 1238 and 12776 Seers of rice per annum against Rs ~~4433~~ 2517 and 4433 Seers of rice in the Existing Scale. It may be seen here from that the proposal is expenditure in the shape of rice is to be increased four fold. It was only in recision of the Rao of the Establishment that was called for. Hence the increase in Expenditure under the heads "Mitigatable & Attachkatte" need not be considered Confining ourselves to Establishment Charges, the proposal is to increase the pay in cash, & also to give allowances in the shape of rice to all temple Servants, increasing the same in the case of them that are already getting. The total net increase proposed under this head is Rs 564 and 10950 Seers of rice. The grant of rice, is, in the first place, liable to be misused, and secondly the increase proposed is Enormous. The Existing arrangement may perhaps be left as it is in so far as payment in kind is concerned, in which case the cash payment may be increased to some extent. Perhaps an increase on the

WD 0561—GPB—3750—1-8 22

G. R. S. III-2]

Muzrai Secretariat | Muz. File No. of 192 .

Serial No.

whole by Rs 1000 per year under the head would meet the purpose

48. As the Saree from the 6th, the additional amount is to be met, the Muzrai Commissioner recommends that as the resources of the temple are limited, and no other funds can be made available the grant is to be made from State funds. The proposal may be sanctioned

49. Grant of 50 ac of wet lands to the temple.

It is stated that wet lands are not available in the Hassan Dist and that 50 ac may be given under the Krishnaraja Sagara Anicut. At the request of Ramlis lands under the Krishnaraja Sagara is conceded, perhaps the area may be confined to 25 ac at the rate of Rs 25 per ac in view of the fact that the yield there is greater than in the Hassan under any Tank

10 From the Muz. Comr -

Submits the Dy. Co- - - - - -
fixing a revised scale of - - - -
in the Belur temple on - - - -
for the benefit of - - - - -
recommends that - - - - -
sanctd -

63 The proposals of the Taluk Amildar for the revision of the temple scale, have been resmd by the Dy: Comr with his opinion thereon

64 Some of the items proposed by the Amildar under (1) Establishment (2) Nityakarle (3) Hetchukarle have been disallowed by the Dy: Comr -

65 According to the Amildar's proposals there will be an increase of expenditure to the extent of Rs 1238 under the 3 above heads -

66. According to the Dy. Comrs proposals the increase is Rs 918 -

67. An addl grant of Rs 1000 in round figures has, therefore, been proposed by the D.C.

NOTE—Contn sheet

Serial No.

and recommended by the Muz. Comr. If it is not found possible to sanction this amount from State funds, the Muz. Comr. states that he will again ask the D.C to investigate the matter. It is not clear what the M.C. means by this. He perhaps means to revise the scale, without any increase in expenditure.

68. Re grant of lands to the temple, ~~such~~ the D.C. states that suitable lands out of Amrit Mahal Kavals are not available for wet cultivation and that lands under the Krishnaraja Sagara should be granted. The extent ~~to be~~ of grant has not been specified. The Dharmadarsis have recommended the grant of 50 acres.

69. As regards the allotment in kind in the revised scale, the D.C. is of opinion that it may be left as it is now. After grant of lands and the yield from them is known, then he says, the allotment may be revised.

Final Note by the Second Member of Council.

Subject:—

Revision of the scale of expenditure of the [illegible] swami Temple at Belur and grant of wet land as [illegible] keep.

In continuation of my Final Note dated 19th March 192[illegible] reporting the action taken for the execution of the necessary repairs to the temples at Belur, Halebid and Somanathpur and as promised in para 5 of the note, I beg to submit herewith the papers relating to the revision of the scale of expenditure [illegible] and to the grant of lands for the Belur temple.

2. The present scale of expenditure for the Belur temple which was fixed in G.O. No.3144-46/Muz.508-18-2 dated 9th April 1910 provides for an ~~additional~~ expenditure of Rs. 2517/- for the pay of the temple servants as well for the Nityakatle and Hetchukatle expenses of the temple. The Muzrai Commissioner who was asked to submit proposals for a revision of the scale to meet the present requirements having forwarded a revised scale involving an excess expenditure of Rs. 918/- per annum, the proposals have been scrutinised and it is proposed to sanction them with some slight modifications as shown in the annexed statement, the extra expenditure of Rs.894/- per annum over the present expenditure which the revision entails being met from the interest earnings of the General Muzrai Fund.

3. As regards the question of the grant of suitable lands to the Belur temple, the Deputy Commissioner of the Hassan District who was asked to report if there are any lands in his District fit for wet cultivation which may be granted to the temple has reported that there are no such lands available in the District and that the Dharmadarsis request for lands under the Krishnarajasagara or in any other place as near to the Hassan District

as possible. The Muzrai Commissioner will be requested to place himself in communication with the Deputy Commissioner of Tumkur and submit proposals for the grant to the temple of about 50 acres of land (subject to a maximum market value of Rs.5,000) for wet cultivation under the new channels in that District. After the lands are selected and their grant to the temple is sanctioned by Government, the question of revising the scale in kind will be taken up.

4. A draft order has been prepared on the above lines and is submitted for His Highness' gracious approval.

20th March 1924.

OFFG: SECOND MEMBER OF COUNCIL.

Submitted to His Highness.

I submit herewith a Final Note by the Second *Member of Council on the subject of* revision of the scale of expenditure of the Sri Chennakesavaswami Temple at Belur and grant of wet land as Inam for its upkeep *for His Highness' gracious approval.*

Dear Mr. Srinivasa Iyengar,

I enclose herein a copy of D.O. letter No. C.29 dated the 29th instant received from the Private Secretary to His Highness the Maharaja of Mysore, for favour of necessary action.

Yours sincerely,

K.R.Srinivasa Iyengar, Esq., M.A.,
Member of Council.

Applicant: Marianne Kowalczyk
Address: 1402 Birchwood Lane, Apt. 3B, Fairmont, Ohio 44118

2. Brief description of the drawings, if any:

Fig. 1 is a perspective view of the device in its assembled state.

Fig. 2 is an exploded view showing the relationship of the housing, the lens, and the gasket.

Fig. 3 is a cross-sectional view taken along line 3-3 of Fig. 1.

Fig. 4 is a detail view of the latching mechanism in the open position.

3. Detailed description of the invention, including the best mode contemplated by the inventor for carrying out the invention:

The present invention relates to a portable inspection lamp of the type commonly used by mechanics and technicians for examining the interior of machinery, engine compartments, and other confined spaces. Prior lamps of this type have suffered from several disadvantages, including fragile lenses that crack when dropped, bulky housings that are awkward to hold, and switches that are easily damaged by moisture or dirt.

The present invention overcomes these disadvantages by providing a lamp having a molded housing of impact-resistant polymer, a recessed lens protected by a raised rim, and a sealed push-button switch. The lamp is powered by a rechargeable battery pack and includes a charging jack accessible from the exterior of the housing.

t - extent and nature of work that has been
d out in accordance with the sanctioned
mates and the amount of expenditure incurred
ar, and whether the estimates are still kept
n or whether they are closed. And to have a
sh estimate prepared according to present
ire ents to put the temple in proper order.
ailed estimate for the repairs of the Halebid
ple should also be got prepared and sent up.
Chief Engineer may be requested to take the
~~Architectural~~ Archeological Department and pre-
~~the estimate~~ in consulta-
h with them.

If they are still kept open, it is desirable to have them closed

have the Estimates

3 I am to request you to report also in
sultation with the Chief Engineer whether
pecial Sub-Overseer may be placed in charge
oth the Belur and Halebid temples to carry
the annual repairs, as also the other works
t may be sanctioned for them, a suitable
ual allotment being made therefor out of
interest earned on the General Muzrai Fund.

4. With regard to the ~~opinion of~~ proposal made by local
fficers regarding for the grant of some wet lands
or the benefit of the temple to increase its
moluments, it is requested that the Deputy
mmissioner may be asked to enquire and re-
rt what lands can be made available for
purpose.

6. As regards increase of emoluments to the
mple servants, I am to observe that it has
een brought to notice that the allowances
w granted to many of the Archaks and other
oyees in the temple are inadequate and that
ey are not getting a living wage. I am to

request you therefore to submit [illegible] the revision of [illegible] to report how far [illegible] by utilising [illegible] &c., of institutions [illegible] decay and disuse.

7. To sum up, the matters requiring action as detailed above are:-

1. Systematic repairs and restoration of temples at Belur and Halebid, under advice of the Archeological Department.

2. Increase of emoluments to the Belur temple establishment, and

3. Grant of some wet lands for the benefit of the Belur temple.

I am to request you to take prompt and suitable action in respect of each of the above matters and to submit an early report thereon for the orders of Government.

8. A monthly report of the progress made ~~in the action taken~~ in respect of each of the above matters should also be made to Government till final orders of Government are passed ~~thereon~~ about them.

I have &c.,

Revenue Secretary.

Memo. 484 & 29 9.23 2619 23

Copy of the above is forwarded with compliments to the Chief Engineer of Mysore for Roads and Buildings, for information and necessary action.

By order,

Revenue Secretary.

485 & 29.9.23

Copy also to Mysore Archl. Dept. for info.

GEN. & REV. SECRETARIAT
30 OCT 1925
MUZRAI
D. 425

FROM

K. Chandy, Esq., B.A.,
& Muzrai
Revenue Commissioner in Mysore.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue *Department.*

SIR,

With reference to correspondence ending with your letter No.483/Muz.25-23-5 dated 29th September 1925, regarding the various requirements of the Sri Chennakesavaswami temple at Belur, I have the honour to forward herewith copies of letters H.C.Nos.193-21 dated 13th and 16th October 1925, from the Deputy Commissioner, Hassan District, submitting a detailed report in regard to the increase of emoluments to the temple establishment and the grant of some wet lands for the benefit of the institution.

2. The Amildar's memo accompanying the second letter of the Deputy Commissioner deals fully with that aspect of the question relating to the increased income from the existing sources If all sources of income are tapped to their fullest extent they may be expected to yield an income of Rs.2,842/- in cash and 7,050 seers of rice against the present estimated income of Rs.2,610/- and 5,500 seers of rice and this increase - small as it is - will not materially help an elaborate revision of the existing scale of expenditure. Institutions which have fallen into complete decay and disuse are indeed very few and consequently the total of tasdik grants available from that source in appreciable. I cannot think of any other source from which the income of this historic and renowned temple can be augmented except by a special grant from the State Funds.

3. As no lands are reported to be available in the

Re the various requirements of the Sri Chennakesavaswami temple at Belur.

Hassan District, the suggestion of the Dharmadarsis agrees to the Deputy Commissioner for the grant of 50 acres of wet land under the Krishnarajasagara Channel is also for the orders of Government, but it will probably be more economical to grant small increases of pay.

I have the honour to be,

Sir,

Your most obedient servant

Muzrai Commissioner.

BR.

Letter No.193-21/H.C. dated 11th/13th October 1923, from the Deputy Commissioner, Hassan District, to the Muzrai Commissioner in Mysore, Bangalore.

With reference to your letter No.C.1138/22-23 dated 25th/26th July 1923 forwarding copy of letter No.141/M.F. 25-23-2 dated 23rd July 1923 from the Revenue secretary to Government regarding the various requirements of the temple of Sri Chennakeshavaswamy at Belur and calling for a report about the feasibility of increasing the cash grant and of granting 50 acres of wet land as Inam I have the honour to state as follows:-

1. In the revision of scale of expenditure of the temple sanctioned in Government order No.3144-46/Muz.508-18-2 dated the 9th April 1919 the annual income of the temple from all sources has been fixed at Rs.2,750/- in cash and 6000 sheers of rice in kind. The total annual expenditure of this institution for Nityakatle, Hechukatle and establishment charges sanctioned in the above Government order comes up to Rs.2,517/- in cash and 4433 seers of rice in kind. Thus there will be a surplus of Rs.233/- in cash and 1567 seers of rice in kind remaining at the credit of the institution annually. The interest of Rs.140/- on Government of India Pronotes has been excluded from the income side of the institution and no references are forthcoming in this office to show for what purpose the amount in question is utilised.

2. The Amildar of the Belur Taluk reports that increased allotments for Nityakatle, Hechukatle and establishment charges are very necessary and for this purpose he has submitted a revised scale of expenditure for Rs.3,755/- in cash and 17,203 seers of rice in kind. Excluding the present income of the temple an additional sum of Rs.1,238/- in cash and 12,770 seers of rice in kind are required. A detailed statement showing the existing scale of expenditure and that proposed by the Amildar in consultation with the Dharmadarsis is enclosed herewith. The following are the principal heads under which increased allotment is asked for.

(1) <u>Establishment.</u> At present a sum of Rs.114/- is spent

every month towards the pay of temple servants. The Amildar proposes to increase the pay of most of the servants on the ground that they are required to work in the temple throughout the day, and also to give in addition to the pay a quamtity of rice to every one of the servants and an increased quantity to ~~ex~~ those who are already getting it. Besides this, he also proposes to strengthen the establishment by adding one Stanik, one Mohari, one Sruthi and one peon. The revised scale of expenditure now proposed under this head comes up to Rs.161/- in cash and 900 seers of rice in kind per mensem, as against the present expenditure of Rs.114/- and 150 seers of rice, that is, 60 seers of Dadhyodana and another 90 seers under Suddhanna Nivedana, included under Nityakatle charges, which are said to be distributed among the temple servants.

(2) Nityakatle charges. Against an expenditure of Rs.55/- and 298½ seers of rice per mensem under this head the Amildar proposed an expenditure of Rs.91/- in cash and 328½ seers of rice in kind. Increased grant is asked for for Desantrikatle, fuel charges, Abhisheka articles, Deeparadhane and Kerosine oil. The Amildar reports that increased grant for Desantri Katle is very necessary as the flow of strangers and devotees is on the increase every year on account of the architectural beauty and sanctity of the shrine.

(3) Hechukatle. A sum of Rs.699/- in cash and 2,311 seers of ric in kind are proposed under this head against the existing expenditure of Rs.457/- in cash and 851 seers of rice in kind. The principal items that are reported to require increased allotment are (1) Rathothsava, (2) Navarathri, (3) Dhanurmasa, (4) Kotarothsava (5) H.H. the Maharaja's Vardhanthi and (6) Santharpane on the occasion of the Car Festival. The Amildar reports that the above functions are of longer duration and that the existing grants are quite inadequate to meet the expenses incidental thereto.

3. The income of the institution from various sources was fixed in the year 1919 after taking into consideration the average of 5 years. No increase can be expected under any of the sources

except perhaps under "Nagadi collections from temple lands leased out and Jinasi collections". I instructed the Amildar of Belur Taluk personally when I was in Belur last month to inspect the lands and to report in detail if any additional income could be expected from the lands. His report has not yet been received. I have asked him to submit it early. I am not however sure that there will be any material increase in income from this source.

4. The revised scale of expenditure now submitted by the Amildar appears to be very generous and in making the proposals, the Amildar and the Dharmadarsis have not taken into consideration the question of setting apart a certain amount out of the annual income of the temple towards the repairs of the temple. In past years for want of funds an estimate prepared for the immediate repairs of the institution has been kept back. A certain sum for this purpose has to be earmarked every year. There is no doubt that the present income is inadequate to meet the expenditure to be incurred in a famous ancient temple like this and if Government be pleased to sanction an additional grant out of State Funds and also to grant some lands as prayed for, it will go a great way towards helping the institution. On receipt of orders about the additional grant that will be made, a suitable scale of expenditure will be drawn up and submitted for approval.

5. As regards the wet land asked for suitable lands are not available in the surrendered Amritmahal Kavals of this District. The Dharmadarsis suggest that 50 acres of wet land under the Krishnarajasagara Channel might be granted.

" C o p y "

K Muzrai Commissioner.

Letter No.H.C.193-21 dated 15th October 1923 from the Deputy Commissioner, Hassan District, to the Muzrai Commissioner in Mysore, Bangalore.

In continuation of my report No.193-21 dated the 13th instant, about the various requirements of Sri Channakeshavaswami Temple at Belur, I have the honour to forward herewith a copy of the report received to-day from the Amildar of Belur Taluk regarding the feasibility of deriving an increased income from the existing sources. It does not deal clearly with the ~~xxxx~~ income from the inam lands and I have therefore called for a further report from him.

2. A copy of letter No.483/Muz. 25-23-5 dated 28th September 1923 addressed to you by the Revenue Secretary was received from him this day. With reference to it, I have this day issued a Circular to all the Amildars to report whether there are any institutions enjoying tasdik grants which have fallen into decay and disuse.

3. The question of increasing the emoluments of the temple servants and that of granting wet lands to the temple have already been dealt with in my report of the 13th instant. As stated therein, on receipt of orders about the additional grant that will be made a suitable scale of expenditure will be ~~made~~/drawn up and submitted for approval.

" C o p y "

K Ananday

Muzrai Commissioner.

BR.

M e m o.

In charge Amildar Mr. B. Hanumanta Rao has already examined the various sources of income to the Sri Chennakesavaswami temple at Belur and has in consultation with its Dharmadarsis submitted through the Sub Division Officer of Sakleapur detailed proposals regarding the various items of expenditure requiring urgent revision in view of the prevailing high prices of food grains and the consequent increase in the cost of living ax so as to ensure better and more earnest work from the temple staff regarding the daily and Hetchukad services.

2. The proposals already submitted involve an additional expenditure of about Rs.1,000/- and a grant of 50 acres of wet land as inam capable of yielding 100 pallas of rice per annum.

I have now been directed to examine the various sources of income to the temple and submit a report with a view perhaps to ascertain whether or not it is feasible to meet the proposed expenditure from out of the funds available at the credit of the institutio

3. According to G.O.No.3144-46/Muz.508-18-2 dated 9th April 1919 the various sources of income are as follows:-

(1)	Cash grant and gogras. ...	Rs.1,060-13-0
(2)	Sandalwood allowance. ...	" 14-0-0
(3)	Revenue of Gangavara Vritti resumed to Government. ...	" 9-8-0
(4)	Income from Sarvamanya Chennanahalli of Sri Raghavendraswami Matt.	5-11-0
(5)	Kanike collections. ...	" 515-0-0
(6)	Mohatarfa. ...	40-0-0
(7)	Miscellaneous (house rent and plantain sales etc.) ...	" 165-0-0
(8)	Interest on G.I. Pronotes.	" 140-0-0
(9)	..do.. on Puduvat deposits.	" 150-0-0
(10)	Investments in Co-operative Societies. ...	---
(11)	Nagadi collections from temple lands leased out. ...	" 650-0-0
(12)	Jinasi collections.	6,000 seers rice.

The total income both in cash and kind is thus 2610 and 5500 seers of rice. As against this, a sum of Rs.2,517/- and 4,433 seers rice have been provided for expenditure in the temple in the above Government order, under all heads.

4. I have examined in detail the existing sources of income and beg to submit that items Nos.2, 3, 4 and 9 are fixed ones incapable of any improvement while item No.5 is subject to fluctuations

Under the head Mohatarfa (Item No.6) which is the hittal tax levied on the building sites in Belur belonging to the temple, the demand or the anticipated revenue is Rs.63/-. As the occupants of these sites are stated to have been long in possession of them paying a fixed tax, it does not also seem to me to admit of any appreciable increase.

Item No.7 (Miscellaneous)-- A portion of the building belonging to the temple has been rented out for the location of the Sanskrit Pathasala in Belur for a monthly rental of Rs.5/-. This amount is being utilised for scholarships to the students receiving Sanskrit Education in the Pathasala as per G.O.No.3572-75/Muz. 687-17-4 dated 19th June 1918. It is not known why this amount was omitted to be shown in the expenditure side in the existing scale under the head "Scholarships".

As regards the income from the plantain sales, I learn that there was a number of plantain trees in the compound of the temple yielding an annual income of about Rs.50/- and that as these and some other fruit bearing trees were found to damage the temple building by their roots, they were removed as suggested by P.W.D. authorities, subsequent to the fixing of the scale by Government in their order of 9th April 1919. There has been therefore no income to the temple under this head.

I may also be permitted to mention here that there is a house belonging to the temple at Chikbyadagere village near Belur. This has been rented out at Rs.24/- per annum. This item has not been included in the existing tasdik patti of the temple. But this is a very insignificant item.

As regards item No.8, Rs.140/- has been shown under receipt side of the existing scale as interest of G.I. Pronotes held on behalf of the temple but the same has not been made available for expenditure. (vide G.O. of the 9th April 1919). According to the Financial Department Notification published by the Comptroller to the Government of Mysore on page 267 Part IV of the Mysore Gazette dated 3rd May 1923 a sum of Rs.10,030/- from out of the temple

funds has been invested in the G.I. Pronotes @ 3½% per annum, the annual interest derivable therefrom being Rs.350/-. It is doubtful whether Rs.140/- referred to above is or is not included in this amount(Rs.350/-). It is also not possible to say why the income under this source was not made available for expenditure in the temple. A reference to the Comptroller in the matter seems necessary.

As regards items Nos.11 and 12, the income in cash remains the same viz., Rs.650/- as fixed in the existing scale but that in kind goes up to 7,000 seers (rice), from the temple lands newly leased out.

The total estimated income from all the sources including those omitted to be taken into account in fixing the existing scale is Rs.2,842/- and 7050 seers as detailed below:-

	Cash.	In kind.
1. Income as per existing scale. ...	Rs.2,610-0-0	5550 seers.
2. Excess in Income under Mohatarfa. "	23-0-0	-----
3. House rend from the house at Chikbyadagere. ... "	24-0-0	
4. Increase in the Jinasi collections.	-- ---	1500 seers.
5. Interest on G.I. Pronotes (in rough figures). "	350-0-0	
Total...	Rs.3,007-0-0	7050 seers.
Deduct income list to the temple by way of scholarship and by the removal of plantain trees.	Rs. 165-0-0	---
Estimated net income.	Rs.2,842/-.	7050 seers.

It is plain from the above that the resources of the temple remain almost the same even after taking into account some of the items omitted in the existing scale patti. The extra expenditure proposed to be incurred cannot be met out of the savings of the temple. What little has remained at the credit of the institution will hardly suffice for emergent and unforseen expenditure. It understood that there is no surplus at the credit of the temple. In these circumstances and in view of the fact that the resources of the temple are not capable of improvement, the only alternative

left for the efficient working of this important and antiquated ~~temp~~ temple is to fall back upon Government aid. I therefore beg to submit that the present cash grant of Rs.1,060/- from Government may be ordered to be supplemented by an additional grant of Rs.1000/ from the Muzrai State grant provided in the State Budget.

As regards the additional quantity of rice required for the temple purposes 50 acres of wet land may be granted as inam to the temple from out of the lands available under the Krishnaraja-sagara Anicut, as no wet lands are available in this Taluk.

Lastly, I may not be considered out of point if I mention here that the distribution of cooked food (Prasadam) would be better in my opinion than the distribution of raw rations among the temple servants as proposed by some of the Dharmadarsis.

There has been a delay of nearly a week in the submission of this report which could not be avoided owing to pressure of other urgent work, and I beg to be excused for the same.

(Continuation sheet draft form.)

Dy. Comrs letter D. 12/13 dt. 1/1/13 may be ~~should be~~ examined and, s. to g.-

The Dy. Comr. has not expressed the Amildar's proposals in detail and given his opinion as to the revision which he would recommend. He may be asked to submit his recommendation for revision and in doing so, he should propose only such items of increase, as may be considered absolutely necessary to give a decent and living salary to the temple servants. Additional establishment should not be proposed, unless the necessity therefor is clearly established. On the other hand, the question of reducing the number of the existing staff should be examined, so that superfluous hands may be done away with and the savings thereby effected utilized for giving a better salary to the remaining men, who are in need of it

WD 2230—GPB—1,00,000—23-7-20

(2) Grant of Lands to the Temple

It will be convenient for purposes of management and supervision, if the lands to be given to the Temple are in the same District and if possible in the Belur Taluk itself. The Dy Comr may be asked to enquire again and report if suitable lands cannot be found for grant to the Temple in the Belur or Hassan Taluk out of Amrit Mahal Raval Lands recently surrendered to the Revd: Deptt. or other ~~Banjar~~ Banjar Lands at the disposal of Govt.

4. ~~He~~ I am to request you to deal with each of the ~~above~~ two questions separately ~~separately and~~ viz, (1) Repairs to the Belur Temple and (2) revision of scale and grant of lands to the Temple, ~~separately and not as~~ instead of mixing both of them in the same reply. I am to state that you have been addressed separately regarding the former question

To

K. V. Anantaraman, Esquire., B.A.,

Offg.Secretary to the Government of

His Highness the Maharaja of Mysore,

REVENUE DEPARTMENT.

Sir,

With reference to your letter No.690/M.F.25-23-9 dated 16th November 1923 and subsequent communications, regarding the increase of emoluments to the Belur temple establishment and the grant of lands for the benefit of the Institution, I have the honor to forward herewith copy of letter R.O.C.No.193-21/H.C.dated 20th January 1924 together with its enclosure from the Deputy Commissioner, Hassan District, submitting proposals for fixing a revised scale of expenditure in the temple in conformity with the observations made in your letter and to state that these proposals which result in an additional expenditure of Rs.978/- or Rs.1000/- in round figures are well considered and may be adopted. The annual recurring surplus both in kind and cash being very negligible and not of a permanent nature in view of the renewal of the lease once in every five years and the tasdik grants available out of the endowments made to institutions which have now fallen into decay and disuse being very inappreciable, the additional amount involved in the present revision will have to be sanctioned by a special grant from State Funds, as already recommended in my letter of the 21st October 1923.

2. As regards the grant of land, the Deputy Commissioner, reports that there are no lands suited for wet cultivation and supports the request of the Dharmadarsis for lands under the Krishnarajasagara or as near to Hassan District as possible may be granted. I submit the matter for the orders of Government. As a report within a week's

called for I do not place myself in communication with the officers concerned about suitable lands available in the Mysore District and shall do so on receipt of orders.

3. The revision of the scale of remuneration in kind may, as proposed by the Deputy Commissioner, advantageously be considered after the question regarding the grant of land is settled.

4. Neither the Amildar nor the Deputy Commissioner has taken up the question of reducing the establishment for giving better wages to those that remain; as directed by Government. If it is impossible to give an additional grant from State Funds, the Deputy Commissioner will again be asked to investigate the matter.

I have the honor to be,

Sir.

Letter No.R.C.S.193-21 dated the 20th January 1921 from the Deputy Commissioner, Hassan District to the Diwan Bahadur [illegible] Mysore.

- - - - - -

"With reference to your No.C.1156 of 22-23 dated 28th October 1923, calling for my opinion regarding the revised scale of expenditure of Sree Channakeshavaswami Temple at Belur, I have the honor to state as follows:-

1. The Revision of establishment.

I have herewith enclosed a detailed statement showing the existing scale and those proposed by me and the Amildar, incidentally pointing out the variations in each case. It will be seen therefrom that the Amildar has proposed an increase of Rs.564/- per annum, but the additional hands recommended by him viz., Koilari, Bruti (additional) and a peon have been dispensed with as unnecessary. Slight increases have been provided for the Archaks Parpatheear, Gumasta, Paricharik, Swayampaki, Sthanik, Golla, and Jhadmali. Thus an increase of Rs.372/- per annum under Establishment, charges, appears to be reasonable.

2. Nityakatle Charges:-

The revised proposals of the Amildar under this head except a reduction of Rs.3/- for fuel charges may be sanctioned. The cost of articles has increased and hence the increase seems necessary.

3. Hetchukatle charges:-

It has been rendered possible to reduce the amount of Hetchukatle charges proposed by the Amildar by Rs.92/- thus effecting a net increase of just Rs.150/- per annum over the existing amount. The increase under this head is due chiefly to increased allotment for Rathotsava. Slight increases are proposed for certain other Utsavas. The Vairamalige Utsava which is added to those now existing is said to be absolutely necessary.

4. Thus the total increase of expenditure under the above three heads (in cash only) over and above the existing amount comes up to Rs.918/- per annum. The employees of the Temple in connection with Veda Paravare and Adhvapaka, have prayed for increased remuneration

petition is enclosed herein. If a slight increase of 8 annas to each of these and to the two Divatigas can be provided, an additional grant of Rs.60/- per annum will have to be sanctioned. In the aggregate, taking all the items into consideration, an approximate increase of Rs.1000/- seems not unreasonable. With regard to the income of the temple from all sources, the Amildar of Pelur in his report D.O.No.6 dated 14th November 1923 mentions that the total estimated income in cash is Rs.2842/- and in kind 7050 seers of rice as against the previous income of Rs.2750/- and 6000 seers of rice respectively referred to in my report No.193-21/H.C.dated 13th November 1923. With regard to the increased income in kind, 720 seers of rice for Desanthrikatle and 250 seers for Rathotsava have to be given over. This with the total annual expenditure of 4433 seers of rice in kind, will leave only a margin of 1500 seers. The surplus of nearly Rs.100/- in cash and 1500 seers of rice cannot be reckoned as a permanent factor in view of the renewal of the lease of the temple lands once in every 5 years. It would appear that though 60 seers a month are now shewn as Desanthrikatle in the --- sanctioned scale of expenditure, this expenditure is not incurred at present, as it was proposed to be incurred out of Chattram funds and the latter do not admit of its being incurred.

5. With regard to the grant of inam lands to the temple there are amongst the Amritmahal Kaval lands.recently surrendered to the Revenue Department, no suitable lands in this District. The lands are all generally dry and in a few cases the land is fit for co-ocanut -- cultivation. But there is no land suited for wet cultivation. Hence the Dharmadarsis ask for the grant of wet lands under the Krishnaraja Sagar Works; and some lands as near to this District, may be granted.

6. Until and unless the actual amount to the yield that may be realize by the inam lands of the temple that may be granted is determined, no revision of remuneration (in kind) with any degree of certainty and --- definiteness can be proposed. It will be some years before the land to be granted as inam can become really remunerative. As such, the existin scale of expenditure in kind under the three heads (1) establisment, (2) Nityakatle and (3) Hetchukatle may continue for the present except in the cases specified in the above para."

D.O.No. 193-21

20/1/23

from

to

[illegible]

Sir,

In continuation of my [illegible] instant about the various [illegible] Vaswani Temple at Belur, I [illegible] a copy of the report received [illegible] Belur Falul [illegible] creased income from the [illegible] clearly with the income [illegible] therefore called for [illegible].

2. A copy of letter [illegible] ber 1953 addressed to [illegible] ceived from him this [illegible] day issued a circular to [illegible] there are any institutions [illegible] fallen into decay and [illegible].

3. The question of [illegible] servants and that of [illegible] already been dealt [illegible]

As stated therei , o [illegible] o

grant that will [illegible] ne,

be drawn up and submitted [illegible] .

[illegible]

[illegible]

[illegible]

[illegible]

[illegible]

[illegible]

[illegible]

[illegible]

ge to submit that items Nos. 3, 3, and 4 are fixed ones in-
capable of any improvement while item No. 5 is subject to
fluctuations. Under the head Archakarfa (item No.6) which is the
the hittal tax levied on the building sites in Belur belonging
to the temple, the fee and the nominal revenue is 27/-
and the occupants of these sites are stated to have been long in
possession of the paying fixed tax, it does not also seem to
be to admit of any appreciable increase.

Item No. 7 (Miscellaneous receipts).-

A portion of the building belonging to the temple has been
rented out for the location of the Sanskrit Patasala in Belur
for a monthly rental of 5/-. This amount is being utilized
for scholarships to the students receiving Sanskrit education in
the Patasala as per G.O. No. 3572-75/ Uz. 227-17-7 dated 19th
June 1918. It is not known why this amount was omitted to be
shown in the expenditure side in the existing scale under the
head "Scholarships".

As regards the income from the plantain sales it is to be
that there was a number of plantain trees in the compound of
the temple yielding an annual income of about 20/- and that
as these and some other fruit bearing trees were found to
damage the temple building by their roots, they were removed
as suggested by D.P.I. authorities, subsequent to the fixing of
the scale by Government in their Order of 9th April 1919. There
has been therefore no income to the temple under this head.

I may also be permitted to mention here that there is a
house belonging to the temple at Chikkayadagere village near
Belur. This has been rented out at 3/- per annum. This
item has not been included in the existing teadikkattu of the
temple. But this is a very insignificant item.

As regards item No. 3 (140/- has been shown under receipt
side of the existing scale as interest of G.I. promotes held on
behalf of the temple but the same has not been made available

available

[illegible]

[illegible]

[illegible]

unforseen expenditure. [illegible] of the people. [illegible] of the fact that [illegible] improvement, the only alternative left for [illegible] this insufficient [illegible] aid. [illegible] to submit that the [illegible] improvement [illegible] of Rs. 1000/- from the [illegible] budget.

As regards the additional quantity of rice required for the people [illegible] the [illegible] people from one of the [illegible] income, as no [illegible].

Lastly I may not be considered out of [illegible] the distribution of cooked food (Dum rice) would be better in opinion than the distribution of [illegible] proposed by me [illegible].

There [illegible] only [illegible] submission of this report which could not be [illegible] owing to [illegible] will be [illegible].

Belur
13-10-25.

Sd/- [illegible],
[illegible]

"Copy"

For Deputy-Commissioner,
Hassan District.

. 193-214c

The interest of 11/- on Government of India Promissory Notes has been excluded from the income side of the Budget estimate as no references are forthcoming in this office to show for what purpose the amount in question is utilised.

3. The builder of the Sri Subrahmanya has submitted a scheme of allotments for Nityakrtte, Accountable and Establishment charges are very necessary and for this purpose he has submitted a revised scale of expenditure for 3700/- in cash and 17, sheers of rice in kind. Excluding the present income of the temple, additional sum of 1258/- in cash and 12770/- sheers of rice will be required. A detailed statement showing the existing scale of expenditure and that proposed by the builder in consultation with the Dharmadarsis is enclosed herewith. The following are the principal heads under which increased allotments is sought for.

(1) Establishment.

At present a sum of 711/- is spent every month to meet the pay of temple servants. The builder proposes to increase the pay of most of the servants on the ground that they are required to work in the temple throughout the day, and also to give in addition to the pay a quantity of rice to every one of the servants and an increased quantity to those who are already getting it. Besides this, he also proposes to ~~straighten~~ strengthen the establishment by adding one Shanbhogue, one Mohari, One Sruthi and one Boy. The revised scale of expenditure now proposed under this head comes up to 1071/- in cash and 200 sheers of rice in kind per mensem, as against the present expenditure of 711/- and 170 sheers of rice, that is 90 sheers of Dasara and another 90 seers under Suddhanna Naivedya, included under Nitya Kratte charges, which are said to be distributed among the temple servants.

(2) Nityakrtte Charges.

Against an expenditure of 54/- and 208 seers of rice [illegible]

mensem under this head, the Amildar proposes an expenditure of [illegible] in cash and 328½ seers of rice in kind. Increased grant is sought for Desantrikatle, fuel charges, Abhisheka articles, Deeparadhane and Kerosine oil. The Amildar reports that increased grant for Desantri Kattle is very necessary as the flow of strangers and devotees is on the increase every year, on account of the architectural beauty and sanctity of the shrine.

(2) Mechuvable.

A sum of 600/- in cash and 2311 seers of rice in kind are proposed under this head against the existing expenditure of ₹ 457/- in cash and 831 seers of rice in kind. The principal items that are reported to require increased allotment are (1) Rathothsava, (2) Navarathri, (3) Dhanurmasa, (4) Kotarothsava (5) H.H. the Maharaja's Vardhanthi and (6) Santharpane on the occasion of the car festival. The Amildar reports that the above functions are of longer duration and that the existing grants are quite inadequate to meet the expenses incidental thereto.

3. The income of the institution from various sources was fixed in the year 1919 after taking into consideration the average of 5 years. No increase can be expected under any of the sources except perhaps under " Nagadi collections from temple lands leased out and Kanasi collections ." I instructed the Amildar of Belur Taluk personally when I was in Belur last month, to inspect the lands and to report in detail if any additional income could be expected from the lands. His report has not yet been received. I have asked him to submit it early I am not however sure that there will be any material increase

of expenditure now submitted by the Amildar

Deputy Commissioner
Kalahasti

Proceedings of the Government of
the Maharaja of Mysore.

R e a d:-

G.O.No.3144-46/Muz. 508-18-2 dated 9th April 1919 sanctioning the revision of the scale of income and expenditure of the Sri Chennakesavaswami Temple at Belur.

2. Letter No.690/Muz. 25-26-9 dated 16th November 1925 to the Muzrai Commissioner in Mysore calling for detailed proposals in regard to the increase of emoluments to the temple establishment and the grant of some wet lands to the institution.

3. Correspondence ending with letter No.C.1138 of 22-26 dated 22nd January 1924 from the Muzrai Commissioner in Mysore supporting the proposals made in the Hassan Deputy Commissioner's letter No.R.O.C.193-21/H.C. dated 20th January 1924 submitting for sanction a revised scale of expenditure in the temple and stating that as there are no lands in the Hassan District fit for wet cultivation and the Dharmadarsis of the temple ask for the grant of lands under the Krishnarajasagara or as near to the District as possible, the scale of expenditure in kind may continue, as at present, until the question of the grant of lands is decided

Dated, 1924.

The revision of the scale of expenditure sanctioned in the order read above provided for an income of Rs. 2,610 and 5,500 seers of rice and an expenditure of Rs.2,517 and 4,400 seers of rice per year. The Deputy Commissioner now reports that the income to the temple from all sources will come to Rs.2,842 and 7,050 seers of rice and suggests that expenditure on account of Establishment, Nityakatle and Huchukatle be raised to Rs.3435, in cash. As regards the revision of the grant of rice, the Dharmadarsis ~~state~~ state that there are no lands in the Hassan District fit for wet cultivation that can be granted to the temple, ~~for~~ the grant of lands under Krishnaraja Sagara or as near to the Hassan District as possible. The Deputy Commissioner recommends that the present scale of expenditure in kind may continue, till the question of the grant of lands is decided.

The Muzrai Commissioner endorses the Deputy Commissioner's recommendation and states that the excess expenditure viz., Rs.918 per annum proposed may be given from State Funds. Government consider that the scale ~~ex~~ suggested by the Deputy Commissioner is generally suitable and are accordingly pleased to sanction it with a few modifications. The scale as finally

sanctioned by Government is appended to this order, the extra cost viz., Rs. ~~894~~ 894/- being met from the interest earnings of the General Muzrai Fund. The Comptroller is requested to credit a sum of Rs. 894 ~~per~~ annually from this source to the funds of the temple.

3. As ~~for~~ regards the grant of lands to the temple, ~~the Muzrai Commissioner~~ as already explained above the Deputy Commissioners is requested to place himself in communication with the Deputy Commissioners of Mysore ~~and Hassan~~ Districts and submit proposals before the end of May 1924 in the matter of the grant of ~~about 100 acres of land fit for wet cultivation~~ as detailed above (which is a minimum required value) ~~either~~ under the new channels drawn ~~from the Krishnarajasagara or~~ in ~~any other~~ another locality in the Mysore District.

Secretary to Government
Revenue Department.

To

The Muzrai Commissioner in Mysore.
The Comptroller to the Government.

Copy to the Revenue Branch.

Proceedings of the Government of His Highness

the Maharaja of Mysore.

Read.-

Government Order No. 3144-46/Muz.508-18-2 dated 9th April 1918 sanctioning the revision of the scale of income and expenditure of the Sri Chennakesavaswami temple at Belur.

2. Letter No. 699/Muz.25-23-9 dated the 16th November 1923 to the Muzrai Commissioner in Mysore calling for detailed proposals in regard to the increase of emoluments to the temple establishment and the grant of some wet lands to the institution.

3. Correspondence ending with letter No.C.1138 of 1923-23 dated 22nd January 1924 from the Muzrai Commissioner in Mysore supporting the proposals made in the Hassan Deputy Commissioner's letter No.RC 193-21/H.C. dated 20th January 1924 submitting for sanction a revised scale of expenditure in the temple and stating that as there are no lands in the Hassan District fit for wet cultivation and the Dharmadarsis of the temple ask for the grant of lands under the Krishnaraja Sagara or as near to the District as possible, the scale of expenditure in kind may continue, as at present, until the question of the grant of lands is decided.

Order No. 1446-7/Muz 25-23-11/Sta

Dated, Bangalore, the 16th April 1924.

The revision of the scale of expenditure sanctioned in the order read above provided for an income of Rs.3610/- and 5500 seers of rice and an expenditure of Rs.2517 and 4433 seers of rice per year. The Deputy Commissioner now reports that the income to the temple from all sources will come to Rs. 2642 and 7050 seers of rice and suggests that expenditure on account of establishment, Nityakattle and Nechuketi be raised to Rs. 3435 in cash. As regards the revision of the grant of rice, the Deputy Commissioner recommends that the present scale of expenditure in kind may continue, till the question of the grant of lands is decided. The Muzrai Commissioner endorses the Deputy Commis-

Commissioner's recommendation and strike out the excess expenditure viz: Rs. 918 per annum proposed may be given from State funds. Government consider that the scale suggested by the Deputy Commissioner is generally suitable and are accordingly pleased to sanction it with a few modifications. The scale as finally sanctioned by Government is appended to this order, the extra cost viz: Rs.846/- being met from the interest earnings of the General Muzrai Fund. The Comptroller is requested to credit a sum of Rs. 846/- annually from this source to the funds of the temple.

2. As regards the grant of lands to the temple, it is reported by the Deputy Commissioner of Kadur that there are no suitable lands in the District and that the Dharmadarsis of the temple request that about 100 acres of lands under the Krishnarajasagara or the new channels in the Mysore District may be granted to the temple. The Muzrai Commissioner is requested to place himself in communication with the Deputy Commissioner of Mysore District and submit proposals before the end of May 1924 in the matter of the grant to the temple of about 50 acres of wet land (subject to maximum market value of Rs. 5000) under the new channels in a suitable locality in the Mysore District.

Sd. K. V. Anantaraman

Secretary to Government,

Revenue Department.

To

The Muzrai Commissioner in Mysore, Bangalore.

The Comptroller to the Government of Mysore.

17.4.24

Government of His Highness the Maharaja of Mysore.

GENERAL AND REVENUE DEPARTMENTS.

G. O No 1446-7--Muz 25-23-11, dated 16th April 1924

Sri Chennakesavaswami Temple at Belur

Sanctions a revised scale of income and expenditure in——as well as an additional grant of Rs. 846 per annum out of the interest earnings of the General Muzrai Fund.

READ—

Government Order No. 3144-46—Muz. 508-18-2, dated 9th April 1919 sanctioning the revision of the scale of income and expenditure of the Sri Chennakesavaswami temple at Belur.

2. Letter No. 690—Muz. 25-23-9, dated the 16th November 1923, to the Muzrai Commissioner in Mysore, calling for detailed proposals in regard to the increase of emoluments to the temple establishment and the grant of some wet lands to the institution.

3. Correspondence ending with letter No. C. 1138 of 1922-23, dated 22nd January 1924, from the Muzrai Commissioner in Mysore, supporting the proposals made in the Hassan Deputy Commissioner's letter No. ROC. 193-21—H. C., dated 20th January 1924 submitting for sanction a revised scale of expenditure in the temple and stating that as there are no lands in the Hassan District fit for wet cultivation and the Dharmadarsis of the temple ask for the grant of lands under the Krishnarajasagara or as near to the District as possible, the scale of expenditure in kind may continue, as at present, until the question of the grant of lands is decided.

ORDER No. 1446-7—MUZ. 25-23-11, DATED 16TH APRIL 1924.

The revision of the scale of expenditure sanctioned in the Order read above provided for an income of Rs. 2,610 and 5,500 seers of rice and an expenditure of Rs. 2,517 and 4,433 seers of rice per year. The Deputy Commissioner now reports that the income to the temple from all sources will come to Rs. 2,842 and 7.050 seers of rice and suggests that expenditure on account of establishment, Nityakatle and Hetchukatle be raised to Rs. 3,435 in cash. As regards the revision of the grant of rice, the Deputy Commissioner recommends that the present scale of expenditure in kind may continue, till the question of the grant of lands is decided. The Muzrai Commissioner endorses the Deputy Commissioner's recommendation and states that the excess expenditure, *viz.* Rs. 918 per annum proposed may be given from State Funds. Government consider that the scale suggested by the Deputy Commissioner is generally suitable and are accordingly pleased to sanction it with a few modifications. The scale as finally sanctioned by Government is appended to this order, the extra cost, *viz.*, Rs. 846 being met from the interest earnings of the General Muzrai Fund. The Comptroller is requested to credit a sum of Rs. 846 annually from this source to the funds of the temple.

2. As regards the grant of lands to the temple, it is reported by the Deputy Commissioner of Hassan that there are no suitable lands in the district and that the Dharmadarsis of the temple request that about 100 acres of land under the Krishnarajasagara or the new channels in the Mysore District may be granted to the temple. The Muzrai Commissioner is requested to place himself in communication with the Deputy Commissioner of Mysore District and submit proposals before the end of May 1924 in the matter of the grant to the temple of about 50 acres of wet land (subject to maximum market value of Rs. 5,000) under the new channels in a suitable locality in the Mysore District.

K. V. ANANTARAMAN,
Offg. *Secretary to Government*,
Revenue Department.

To—The Muzrai Commissioner in Mysore, Bangalore.
The Comptroller to the Government of Mysore.

Exd.—P. S. R. N.

No. 1446-7—Muz. 25-23-11, dated 16th April 1924.
